These terms of sale are designed to conform to the Amended Rules for Public Auction Sales in New York City by the Department of Consumer Affairs and the Bylaws of the Professional Numismatists Guild, Inc.

1. This public auction sale is conducted pursuant to these Terms of Sale by licensed and bonded auctioneers, Harvey G. Stack, #522763 and Norman Stack, #798113.
2. **Each bidder, by bidding in the sale, agrees that a 10% BUYER'S CHARGE will be added to the "hammer price" or winning bid of each lot as determined by the auctioneer.** This 10% BUYER'S FEE will be added to the invoice of each successful bidder over and above the actual sum bid or offered. The Buyer's Fee applies regardless of a bidder's affiliation with any group or organization, and is imposed on all bidders. No lots will be delivered or shown at the auction. Auction sales are strictly for cash and must be paid for promptly in U.S. funds. STACK'S reminds you that all bidders personally guarantee prompt payment in full. Checks are permitted with identification acceptable to STACK'S. On any accounts past due, STACK'S reserves the right to extend credit and impose periodic charges as stated in these Terms of Sale or on the invoice or statement. Buyer agrees to pay the reasonable attorney fees and costs required to collect on such past due accounts. All lots delivered in New York State are subject to applicable Sales Tax. Buyer agrees to pay any sales tax, use tax, and any other applicable taxes that now, or hereafter, are found to be due by virtue of the sale, and to indemnify and hold STACK'S harmless for any sales or other taxes due thereunder, including reasonable attorneys fees, costs and any interest or penalties assessed. Buyer shall also pay all shipping and handling charges where applicable.
3. Purchasers claiming exemption from such taxes must submit resale or exemption certificates or other proof of exemption. Out-of-state Purchasers taking delivery in New York must provide an OSR certificate or pay applicable taxes due. All purchasers represents that they are not seeking to acquire goods for personal, family, or household purposes, but are bidding for resale purposes; and those submitting OSR's additionally represent that they are professionals, knowledgeable and fully aware of what they are purchasing, a representation upon which Stack's relies in agreeing to sell to Purchaser. Buyers picking up lots may be required to confirm this agreement in a separate writing.
4. STACK'S is not responsible for your errors in bidding. **PLEASE BID ON THE CORRECT LOT.**
5. All persons seeking to bid, whether in person, by an agent or employee, or by mail, must have a catalogue and register to bid. By submitting a bid, whether in person, by mail, or through an employee or agent, the bidder acknowledges receipt of the catalogue, and agrees to adhere to these terms of sale. The auctioneer may decline to recognize any bidder who does not have a catalogue and has not registered and been given a paddle number. Any prospective bidder may be required to establish credit references or submit a deposit of 25% of their bids. All new bidders should be prepared to establish credit with the auctioneer prior to registering to bid.
6. By bidding, purchasing or offering to purchase in this sale, even if as an agent, or on behalf of a corporation or for another individual, each bidder personally guarantees prompt payment and agrees to be personally liable for the consequences of bidding; all bidders also personally guarantee prompt payment in full, including without limitation, BUYER'S FEE, taxes, surcharges, postage, handling charges, storage costs and insurance charges.
7. STACK'S reserves the right to require payment in full before delivering lots to a successful bidder, and reserves the right to require the principals, and directors of any corporate bidder to execute a guarantee of payment (which, in any event they do by having an agent or employee bid in the sale) prior to allowing a bid to be placed or recognized.
8. STACK'S reserves the right to impose a late charge, based solely upon Purchaser's failure to remit full and timely payment, and which late charge is not related to any necessary storage of the material purchased. Said late charge is calculated at a rate of 1½% per month (18% per annum), based on the purchase price if payment has not been made in accordance with these Terms and Conditions of Sale. Purchases not collected within thirty (30) days of the date of sale may, at the sole option of STACK'S, be resold for Purchaser's account by STACK'S, with Purchaser liable for any deficit after STACK'S receives a commission for the same in accordance with its agreement, and thereafter deducts all expenses associated with the sale, including reasonable attorneys fees.
9. Bids are NOT accepted from minors. By bidding in this sale, the bidder represents and certifies that they are of legal age, are authorized to make the bid that they make, and that the purchase is not a consumer sale or consumer credit transaction.
10. **Title remains with STACK'S until paid for in full.** Should Purchaser take any action under Title 11 of the U.S. Code, or any state insolvency law, Buyer agrees to promptly return to STACK'S, any lots not paid for. The Buyer agrees to keep the lots fully insured until paid for. Risk of loss is on the Buyer.
11. The highest bidder as determined in the sole discretion of the auctioneer shall be the Buyer. If the auctioneer determines that a dispute has arisen between two or more bidders, the lot may be immediately put up and sold again. Bidders with whom the dispute previously arose shall be without further recourse for any damages whatsoever.
12. If you bid by mail, **mail your bid sheet early.** Mail bidders agree to and are subject to these terms of sale just as if they were floor bidders.
13. The auctioneer reserves the right to refuse ridiculously low bids, which in the auctioneer's sole discretion, are felt not to have been made in good faith. The auctioneer reserves the right to open the lot at a reasonable price determined solely by the auctioneer. The auctioneer shall also have sole discretion to set initial, and subsequent bidding increments, and to accept, or to decline to accept, challenges to those bidding increments. All bids not in whole dollar amounts may be rounded downward by the auctioneer. The auctioneer may open bidding on any lot by placing a bid on behalf of the Seller, a mail bidder, STACK'S, or another participant in the sale. The auctioneer may bid further on behalf of the Seller up to the amount of the reserve by placing successive or consecutive bids for a lot, or by placing bids in response to other bidders. The auctioneer may bid for his, or its, own account at any auction and may have access to information concerning the lots, and items contained in them, that are not otherwise available to the public. Estimates given are for the general guidance of the bidder and represent the opinion of the auctioneer as to the fair market value of the numismatic item at the time of cataloguing, based on experience and comparable sale, if applicable. The actual price realized may be higher, or lower than the estimate. If a lot is reserved, the reserve may not exceed the maximum estimated price.
14. Auction sales are not approval sales. In the event of non-payment by the Buyer, STACK'S reserves any and all rights that it would be entitled to under the Uniform Commercial Code, including Buyer's consent to file a financing statement without need of Buyer's signature, and to offset any sums due on any future consignment or purchase or monies or goods in possession of STACK'S or its assigns.

15. All bidders are encouraged to carefully examine all lots prior to the sale. No lots will be shown at the sale. STACK'S assumes no risk, liability or responsibility for the material (or other) facts stated concerning the numismatic item, except as specified herein. All floor buyers should acquaint themselves with the property sold since STACK'S will assume that they have done so and requires that the Purchaser represent that they have. Bidders are deemed to have satisfied themselves as to all of the matters set forth in the terms of sale.
16. STACK'S, as agent, offers a LIMITED WARRANTY that any numismatic item sold is authentic (i.e., not counterfeit, that its date or mintmark has not been altered, and that the coin has not been repaired as those terms are used in the trade.). Except as set forth in this limited warranty and as may be required by the arts and cultural affairs law, and any other law or regulation, all other warranties of authenticity of authorship, whether express or implied, are hereby disclaimed.
17. Except as otherwise stated herein, all items offered in this catalogue are **GUARANTEED TO BE GENUINE** and correctly attributed as defined below.
18. (a) **NO LOT** may be returned for any reason whatsoever without the prior written consent by STACK'S, or, in any event, if it has been removed from its original container. **No lots purchased by floor bidders or those who have viewed the lots may be returned**, unless the limited warranty provided in these terms of sale permits it.
(b) Grading is a subjective description in the opinion of the cataloguer as to the state of preservation, method of strike, and overall appearance of a particular coin or lot. The term "proof" or "specimen" is used to describe a method of manufacture, and is not a grade or condition or an attribution.
(c) STACK'S does not represent that a numismatic item has or has not been cleaned; that any toning is natural or artificial; that any coin catalogued will meet the standards, or the grade, of any third party or third party grading service; that a numismatic item has a particular provenance or pedigree; that a numismatic item has a particular provenance or pedigree; that a numismatic item is struck or not struck, or produced or not produced in a particular manner or style.
(d) Adjectival descriptions and terminology (which can and does vary among experts and knowledgeable purchasers), when utilized in the catalogue, are strictly the opinion of the cataloguer and shall not be deemed to be part of the description; i.e. it is an opinion only and not a warranty of any kind.
(e) Grading descriptions in this catalogue are provided strictly for the convenience of those who bid by mail and who are unable to personally view the coins, and represents the cataloguer's opinion of its state of preservation. Those attending the sale, and those bidders who actually view the lots should draw their own conclusions as to the state of preservation or grade of the numismatic item.
(f) STACK'S may utilize numerical or adjectival descriptions, and may include lots that have been graded by others. Opinions offered with respect to numismatic properties offered for sale by STACK'S are made at the time that the numismatic item is catalogued, and do not refer to any prior or subsequent time.
(g) Where STACK'S sells a numismatic item graded and encapsulated by a grading service, Buyer acknowledges and agrees that other grading services, STACK'S or knowledgeable purchasers might reach a different conclusion as to the state of preservation of a particular item, and that STACK'S has presented the service's description of the encapsulated item for accommodation only. Any such information provided by STACK'S is the opinion of the third party, without recourse against STACK'S in any way whatsoever.
(h) **Except as otherwise expressly stated in the Terms of Sale, STACK'S and its agents and employees make no warranties or guaranties or representations, and expressly disclaim all warranties and guaranties and representations, including, without limitation, a warranty of merchantability, in connection with any numismatic properties sold by STACK'S.**
(i) All oral and written statements made by STACK'S, are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of STACK'S has authority to vary or alter these Terms of Sale. Any alteration shall be effective only if in writing and signed by a principal of the firm.
(j) If not so stated expressly, the grade, artisanship, provenance, or attribution is the firm's opinion only on which no third party, including the bidder, is entitled to rely
(k) STACK'S assumes no risk, liability or responsibility for the material (or other) facts stated concerning the numismatic item, except as specified herein.
19. Unless otherwise stated, STACK'S acts only as agent for a Consignor and makes no independent warranty of title. STACK'S offers the following LIMITED WARRANTY to Buyers with respect to all numismatic items offered for sale. STACK'S warrants to all Buyers that the Consignor or the Seller has warranted good title to property offered for sale. Any such warranty is predicated on the Owner or prior owner making the same warranty to STACK'S, upon which the firm relies. In the event that it is finally determined that the Purchaser has not acquired transferable title, STACK'S shall reimburse the Purchaser (if full payment has already been made) in accordance with these Terms of Sale, and Buyer agrees that this is full compensation for any loss whatsoever, whether actual or otherwise. Tender of the check by STACK'S to Buyer at the address specified on the bid sheet or registration form shall end the obligation of STACK'S to the Buyer, even if the check is not indorsed or cashed. STACK'S and the Consignor make no representations or warranty that the Purchaser acquires any reproduction rights or copyright in property purchased at the sale.
20. STACK'S further expressly disclaims all warranties relating to the grade, condition, identification of the periods or date of coining or manufacture or methods of manufacture of property which is inaccurate, or may be proved inaccurate, by means of scientific process or research which is not generally accepted for use until after the sale.
21. STACK'S reminds the Buyer that the grading or condition of rare coins may have a material effect on the value of the items purchased; that others may differ with the grading opinions or interpretations of STACK'S; that such difference of opinion (including whether the coin has been cleaned, or is or is not of a particular grade or quality) is not grounds to return an item purchased; and that all sales of items viewed by a Purchaser in advance of a sale, even if the sale is by mail, are final.
22. By purchasing in this sale, Buyer agrees that they shall have no recourse against the Consignor for any reason whatsoever. In the event that a warranty is offered with respect to grade or state of preservation or condition, it shall be a specific warranty, in writing, signed by a principal of STACK'S, and shall specify its terms and conditions and duration. If any numismatic item is damaged in its removal from encapsulation, or during its encapsulation, it is at the sole risk of the Purchaser. Because of the fungibility of numismatic items, any item removed from its holder may not be returned for any reason whatsoever.
23. (a) On any claim made by a bidder, STACK'S must be advised in writing sent within seven days after receipt of the material, or the date of the sale, whichever is the later; these dates apply whether or not the Buyer has received

the material. The disputed property must be returned to STACK'S in the same condition as sold by STACK'S, in the same holder.

(b) These conditions are binding and absolute unless varied in writing by a principal of STACK'S or if the bylaws, rules or regulations of the Professional Numismatists Guild, Inc., provide for a longer period, or give the Buyer a greater right, in which case such bylaws, rules or regulations shall prevail. Any and all claims of the Buyer made in violation of the Terms of Sale shall be deemed waived, and the Buyer shall be without further recourse.

24. If STACK'S, in its sole discretion, determines that any numismatic property is substantially and materially different from that represented in the catalogue of sale, or in any written advertisement or material, the sale shall be cancelled and STACK'S shall refund the purchase price to the Buyer. Unless provided otherwise in these terms or the PNG bylaws, that shall be STACK'S sole obligation to Buyer.
25. The auctioneer and cataloguer, STACK'S, reserves the right to include its own material in any auction sale. The auctioneer may have direct or indirect interests in these, and other items (other than its commission), and may collect a minimum price in addition to the selling commission. This paragraph shall be deemed a part of the description of all lots contained in the catalogue. The catalogue shall also be deemed a part of any invoice issued by the auctioneer. The auctioneer may make loans or advances to consignors and/or prospective purchasers. The Consignor may be permitted to bid on his, her or their own articles and to buy them back at the sale. Any Buyer who bids on or purchases their own goods is required to pay for them, in full, as the terms of sale provide for together with the full buyer's commission, and any other applicable surcharges, postage, handling, insurance fees and taxes, without rebate of any kind whatsoever. Settlement will thereafter be made.
26. STACK'S, the auctioneer, and employees are "insiders" and may have access to confidential information not otherwise available to the public with respect to value, provenance, availability, and other factors. Purchasers should make themselves acquainted with the numismatic items that they are purchasing and avail themselves of the services of outside consultants prior to engaging in any purchase. Bids are so much per LOT. No lots will be broken up unless otherwise stated.
27. No bidder shall have any claim against the auctioneer, or STACK'S, for improper sequence of offering a lot.
28. On bullion items, bullion-like items, and encapsulated items graded by a grading service, Buyer agrees that there shall be no right of return for any reason whatsoever. Buyer further agrees that due to market volatility, in event of non-payment, STACK'S shall be entitled to damages that are the greater of selling price or market, together with any supplementary or additional costs.
29. STACK'S at any time may rescind the sale in the event of non-payment or breach of the warranty of title.
30. The sole remedy that any participant in the auction shall have, whether bidding in person, by mail, or through an employee or agent, for any claim or controversy arising out of the auction shall be a refund of the original purchase price and premium paid, if any. Interest shall be paid by STACK'S at a rate of no greater than nine per cent (9%) per annum, up to a maximum of six (6) years, unless the rules of the Professional Numismatists Guild, Inc. provide for a higher rate of interest or a longer period of time, in which case such rules shall prevail. A lower rate, or shorter period, may be decided by the arbitrators. Upon payment as determined by the arbitrators, or in full at the maximum rates set forth above, or at an agreed rate, STACK'S shall be deemed released from any and all claims of the bidder arising out of or in connection with the sale of such property. Purchaser agrees to execute prior to delivery of any refund any documents reasonably requested to effect the intent of this paragraph. By bidding in this sale, all bidders consent to these terms and all other terms of these conditions of sale.
31. **STACK'S hereby disclaims all liability for damages, incidental, consequential or otherwise, arising out of or in connection with the sale of any property by STACK'S to Purchaser.** All bidders, even if unsuccessful purchasers, agree to abide by this condition, and all other conditions of sale.
32. All rights granted to the Purchaser under the within terms of sale are personal to the Purchaser. Purchaser may not assign or transfer any of these rights to any other person or entity, whether by operation of law or otherwise. Any attempt so to assign or transfer any such rights shall be absolutely VOID and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Sale and terms of warranty on any bidder or Purchaser.
33. "Purchaser" shall mean the original purchaser of the property from STACK'S and not any subsequent owner or other person who may have or acquire an interest therein. If Purchaser is an agent, the agency must be disclosed at the time of sale, otherwise the benefits of the warranty shall be limited to the agent and not transferable to the undisclosed principal.
34. Should any third party attempt to utilize any warranties contained herein, they shall first give STACK'S thirty (30) days written notice by Registered Mail or Certified Mail Return Receipt Requested during which time STACK'S may, should it choose to contest the third party's claim, ask the Professional Numismatists Guild, Inc., or the American Arbitration Association to appoint a panel of three arbitrators skilled in the field to make such a determination at New York, N.Y. By seeking to use such remedy, the third party unequivocally and without reservation consents to binding arbitration, and its conclusive and binding determination of any alleged damages as a sole remedy. With respect to any other pertinent notice requirements, venue and personal and subject matter jurisdiction, said third party is bound to the provisions pertaining to bidders, buyers and purchasers, as otherwise provided for in these Terms of Sale.
35. In the event STACK'S shall, for any reason, be unable to deliver the property sought to be purchased, its liability therefore shall be limited to the rescission of the sale and refund of the purchase price and buyer's premium. **STACK'S hereby disclaims all liability for damages, incidental, consequential or otherwise, arising out of its failure to deliver any property purchased, and all bidders agree to this disclaimer.**
36. If it is determined that a bailment relationship exists while the material purchased is being held by STACK'S, for Purchaser, said relationship constitutes a gratuitous bailment only, solely for the benefit of the purchaser/bailor, as defined by the laws of the State of New York.
37. As a condition of bidding, bidder acknowledges that numismatic auction sales are unique in terms of their tradition and industry practices. Each bidder agrees that **any claim or controversy whatsoever arising out of this sale shall be settled as follows:** if demanded by either buyer, or STACK'S by binding arbitration at New York, New York, under the rules then obtaining of the Professional Numismatists Guild, Inc., or as PNG rules may provide, the American Arbitration Association. In the event that a dispute arises between STACK'S and a non-member of the PNG, this means that the American Arbitration Association, at New York, N.Y., shall have exclusive jurisdiction over the controversy. In any controversy concerning non-payment, STACK'S shall have the right to proceed by arbitration or by

a proceeding in any court of competent jurisdiction in the City, County, and State of New York, whichever is first commenced by STACK'S. The arbitrator shall not have the power to alter the terms of condition of sale. Judgment on any award may be entered in any court of competent jurisdiction. The arbitrators, and any court, shall award the prevailing party costs and reasonable attorney fees. By bidding in this sale you agree to be bound by the arbitration provisions of the PNG as described above. Commencement of an arbitral proceeding, or confirmation of an award, as well as any notice requirements connected with such proceeding, and any other required service of process, may be made by STACK'S upon all bidders by registered or certified mail directed to the address of the bidder or purchaser as listed on the bid sheet or application or form required at the time that a bidder number is issued, or by facsimile transmission with proof of receipt. Bidder agrees that such service shall constitute full in personam jurisdiction. The venue for such proceedings shall be the City of New York, State of New York and each bidder agrees to in personam (personal) jurisdiction of the City of New York, State of New York. In all cases, the maximum liability of STACK'S for any item sold shall be limited to the official price of record of the item at this sale, without provision for consequential damages, or any other damages of any kind whatsoever, unless the PNG rules provide otherwise.

38. If the Purchaser fails to comply with one or more of these Terms and Conditions of Sale then, in addition to all other remedies which it may have at law or in equity, STACK'S may, at its sole option, either (a) cancel the sale, retaining as liquidated damages all payments made by the Purchaser, it being recognized that actual damages may be speculative or difficult to compute, or (b) sell some or all of the numismatic property and some or all other property of the Purchaser held by STACK'S, in a quantity sufficient in the opinion of STACK'S to satisfy the indebtedness, plus all accrued charges. More than one such sale may take place at the option of STACK'S. Such sale may take place without notice to Purchaser; if STACK'S gives notice, it shall be by regular mail to the address utilized on the bid sheet, consignment agreement or other address known to the firm. Such sale will be at STACK'S standard commission rates at public or private sale, within or without the City of New York, at which time (if the sale be at auction) the defaulting party shall not bid. The proceeds shall be applied first to the satisfaction of any damages occasioned by Purchaser's breach, and then to the payment of any other indebtedness owing to STACK'S, including without limitation, commissions, handling charges, the expenses of both sales, reasonable legal fees and collection agency fees and any other costs or expenses incurred hereunder. If a lot or numismatic item is not paid for, and is sold by STACK'S for Purchaser's account, in accordance with the Uniform Commercial Code, STACK'S shall not be required to account to the Purchaser for any excess proceeds. Purchaser is also liable to STACK'S if the proceeds of such sale or sales is insufficient in the opinion of STACK'S to cover the indebtedness. If other property of Purchaser is also sold, any excess of proceeds will be remitted to the Purchaser after first deducting the expenses set forth above. If Purchaser fails to remit sums due to STACK'S, Purchaser grants to STACK'S a lien with respect to such sum, with interest to accrue thereon at the judgment rate, until actually paid, which lien shall apply against any property of Purchaser, including any future goods of Purchaser coming into possession of STACK'S. **Purchaser hereby waives all the requirements of notice, advertisement and disposition of proceeds required by law, including those set forth in New York lien law, article 9, sections 200-204 inclusive, or any successor statute, with respect to any sale.** Purchaser waives a right to redeem.
39. The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No bidder or prospective bidder or purchaser or prospective purchaser shall have recourse as a result of any postponement. In any event, no person may bid without registering, and **ALL REGISTERED BIDDERS** including mail bidders and agents by registering or bidding **agree to all of the above Terms and Conditions of Sale.**
40. By bidding or offering to bid, bidders acknowledge that they have read all of the Terms and Conditions of Sale and warranty contained herein and that they accept these terms and conditions without reservation. STACK'S reserves the right to vary the Terms and Conditions of Sale by rider or other means communicated to bidders. By purchasing from STACK'S, whether present in person, or by agent, by written bid, telephone or any other means, the bidder agrees to be bound by these Terms and Conditions of Sale.

STACK'S GRADING POLICY

For Mint State or Uncirculated coins

Stack's believes that adjectival grading is the best way to describe a coin. However, as numerical grading has become part of the grading vocabulary, Stack's wishes to define the adjectival and numerical grading as Stack's interprets it in this catalogue. Others may differ from this interpretation. See our Terms of Sale above for a full explanation.

Comparative Grading Language

Brilliant Uncirculated is at least MS-60 and means that it is probable that the coin has not entered general circulation; the coin may have heavy contact marks, noticeable hairlines and have original luster (or be impaired). It is the lowest state of preservation of uncirculated coins. Choice Brilliant Uncirculated is at least MS-63, which means that it has more attractive eye appeal than an MS-60, may have original or slightly impaired luster, may have a few scattered hairlines or even a small patch of hairlines; and may have some distracting contact marks in the field or design. Gem Brilliant Uncirculated is at least MS-65 and has very pleasing eye appeal (more so than an MS-63) and full lustre. It may have a few scattered hairlines and may also have a minimal number of contact marks. Scuff marks may show. STACK'S does not represent that a numismatic item has or has not been cleaned; that any toning is natural or artificial; that any coin catalogued will meet the standards, or the grade, of any third party or third party grading service. It should be understood by all that grading is a subjective art and that others may differ from these interpretations.

The James A. Stack, Sr. Collections

In making this portion of the outstanding collection of James A. Stack, Sr. available to the present generation of discriminating collectors we recognize the very natural question that will arise in the reader's mind. Although James A. Stack, Sr. bears the same surname as the members of our firm, the connection between the two families is otherwise purely coincidental. Nevertheless the relationship has been certainly much closer than simple coincidence would indicate at first sight.

When Mr. Stack began his collecting activities almost five decades ago he developed a warm friendship with Joseph and Morton Stack, the former senior partners of this firm. In the course of time the ties between the three men became closely personal as well as numismatic. Many of Mr. Stack's choicest specimens were acquired with the help of our firm. It is therefore with a feeling of deep appreciation and nostalgia that we are happy to dedicate this catalogue to him.

It can perhaps be suggested that nostalgia of a very different kind may affect today's collector after he has directed his attention to the coins Mr. Stack was fortunate enough to obtain. As we all know too well, the acquisition of choice examples in any series requires an element of luck as well as the means to buy. In the 1940's when he began to seriously concern himself with numismatics the collecting horizons were much wider than they have since become. Although he favored our firm with a major share of his acquisitions he searched the entire country for outstanding specimens. At the same time he took full advantage of the opportunities presented by the dispersal of such outstanding collections as those formed by Neil, Atwater, Dunham, Hall and Colonel Green, to name only a few. As a result, all the great rarities are here, in addition to many of the "Finest Knowns."

While rare and choice coins are obviously desirable they alone do not make a great collection. James A. Stack, Sr. must be considered one of the best informed numismatists of his generation, as the attention devoted to die varieties, die states, and mintmarks clearly demonstrates. From the very beginning he was well aware that there was something more to his hobby than being familiar with the latest price trends. His collection reflects the influence of the years of study that directed all these acquisitions. He was able to form a great collection because he knew his coins. The lesson for his successors is that in the hobby of numismatics, as well as in other fields of endeavor, knowledge is strength.

The above facts are further confirmed by the numerous times this collection has been referred to in standard reference books as well as auction sales. For example, Walter Breen's "Encyclopedia of U. S. and Colonial Coins" has innumerable acknowledgements of the importance of this collection in American Numismatics.

We noted earlier that Mr. Stack was able to profit from the dispersal of some of the greatest historic collections ever formed in this century. His good fortune in this respect carries its own very current moral. The Stack collection of United States Quarters and Half Dollars which was sold by our firm in 1975 was regarded as a historic event, as was the Half Cents, Minor Coins, and Half Dimes in 1989. The present offering in this catalogue will surely be recognized as a unique opportunity to acquire outstanding specimens that have not been in the market place for nearly half a century! If today's numismatic enthusiasts are to benefit from their predecessor's example they can only do so by grasping the opportunity presented by the offering of important coins described in this catalogue.

Stack's®

THE OUTSTANDING JAMES A. STACK, SR. COLLECTION OF U. S. DIMES

Superb as the James A. Stack, Sr. collections of Half Dollars, Quarters, Half Dimes, and Half Cents were, his collection of Dimes certainly ranks right up there with them! The collection is complete but for the unique 1873'CC' No Arrows. His early Bust Dimes are exceptional in condition, from the **two** Choice examples of the 1796 issue and the even rarer 1797 sixteen stars in the same condition, through Proofs of 1822, 1824, and 1825; the later Bust series includes many Choice and Gem examples, as well as a Proof of 1834 and **two** Proofs of 1835.

The Liberty Seated Dimes collection, in addition to the quality of the business strikes (including the Branch Mint issues), contains three Proofs from the 1840's, four from the 1850's, and a complete series of Proofs from 1861 to 1891! Included in this series are the finest known 1871'CC', the finest known 1872'CC', and the rest of the dates except as mentioned earlier. It is really an important offering in this special field.

Despite the importance of the numerous Choice branch mint pieces in the Barber Dime series, attention in that area will surely focus upon the Stack specimen of the legendary 1894'S' Dime, a Choice Proof example of this issue, of which only 11 specimens are known. The coin was last offered at auction in Stack's 1947 sale of the H.R. Lee collection, and was owned earlier by Louis Eliasberg, and before that by Clapp.

THE JAMES A. STACK, SR. COLLECTION OF PRIVATE & TERRITORIAL GOLD COINS

In addition to the superb James A. Stack, Sr. collection of Dimes, we are privileged to be able to offer his collection of Private & Territorial gold coins in this auction. The coins in this collection were carefully selected and include several important specimens. Included are both the .887 THOUS and .900 THOUS. "Slugs" of the U.S. Assay Office of Gold in 1852, both in EF; the 1853 \$20, .900 Fine, issued by the same firm, AU; the Baldwin & Co. \$5 of 1850, also AU; the 1855 Kellogg & Co. \$20, EF; the 1855 Wass, Molitor & Co. \$10, nearly VF; the 1852 \$5, small head, from the same firm, VF; the Mormon \$20 and \$5 of 1849, as well as the \$5 issues of 1850 and 1860. Clark, Gruber & Co. specimens include the \$10, \$5, and \$2.50 of 1860, and the \$20, \$10, \$5, and \$2.50 of 1861.

The California Fractional Gold collection, 64 lots, features the Washington Head Quarter; the Small Eagle reverse Half Dollar and Dollar; and the Arms of California Half Dollar, as well as many R-6 and R-7 varieties in excellent condition.

UNITED STATES DIMES

Draped Bust. Small Eagle

1796 - 1797

AN EXTRAORDINARY 1796 DIME

*Lot No. 1
(Enlarged)*

- 1 1796 John Reich 4. Robert Scot's exquisite design after Gilbert Stuart. **Choice Brilliant Uncirculated** and wholly prooflike. Fully struck devices, stars and lettering. The obverse blue and gold with pink overtones, the reverse golden, olive and pale blue. The coin is really electrifying with its full mirror-like surface. (SEE COLOR PLATE)

ANOTHER EXTRAORDINARY 1796 DIME

Lot No. 2
(Enlarged)

- 2 1796 JR-4. Another of the same variety. **Choice Brilliant Uncirculated**, like the preceding specimen. The date and first eight stars are doubled. The obverse a kaleidoscope of color: gold, sea-green, blue, steel, all on a brilliant reflective surface. The entire coin sharply struck but for some breast feathers. **An outstanding example!** (SEE COLOR PLATE)

1797 SIXTEEN STARS DIME
ONE OF THE FINEST KNOWN

Lot No. 3
(Enlarged)

- 3 1797 JR-1. Sixteen stars on the obverse. **Choice Brilliant Uncirculated**, frosty mint lustre and a very sharp strike. The die crack from the rim behind the second star, through the first star then into a massive break, terminates in the milling below the 16th star. Superb pale pink and steel with light iridescent overtones. **Truly an incredible example of this rarity**, fully on a par with or better than the example we sold in Auction '80. (SEE COLOR PLATE)

Lot No. 4
(Enlarged)

- 4 1797 JR-2. Thirteen stars on the obverse. **Extremely Fine and choice**. Perfectly centered and sharply struck. Light iridescence with gunmetal toning.

Draped Bust. Heraldic Eagle

1798 - 1807

MINT STATE 1798/7 SIXTEEN STAR REVERSE DIME

Lot No. 5
(Enlarged)

- 5 1798/7 JR-1. Small 8 over 7. Sixteen stars on the reverse. **Brilliant Uncirculated.** A frosty and satiny example. Some planchet adjustment marks on the rims above stars 5-8 and the E in LIBERTY. Lovely pale blue and gray with golden overtones. (SEE COLOR PLATE)

MINT STATE 1798/7 THIRTEEN STAR REVERSE DIME

Lot No. 6
(Enlarged)

- 6 1798/7 JR-2. Small 8 over 7. Thirteen stars on the reverse. **Brilliant Uncirculated.** Softly struck in the central portion due to severe die clashing as on all specimens. A frosty example with gorgeous iridescent toning. **Rarity 6**, the rarest variety of all the 1798 dimes. (SEE COLOR PLATE)

Lot No. 7
(Enlarged)

- 7 1798 JR-4. Flat topped 1, small 7, medium 8. Die crack from Y to nose, chin to field, and tip of left feather to the milling. **Extremely Fine**, blue and russet with touches of sea-green.

Lot No. 8
(Enlarged)

- 8 1800 JR-2. Dot between 1 and 8. **About Uncirculated**, some tiny digs on and near the nose. Deep blue and gold on the obverse, the reverse with a touch of russet.

Lot No. 9
(Enlarged)

- 9 1801 JR-2. The rarer of the two varieties of this year. **Extremely Fine**, well struck and centered. The obverse rust pits in the form of a spray from the face. Glossy surfaces with golden, iridescent and sea-green toning.

CONDITION CENSUS 1802 DIME

*Lot No. 10
(Enlarged)*

- 10 1802 JR-2. **About Uncirculated**, reflective surface with pink and blue toning on the obverse, frosty on the reverse. Probably close to the terminal state of the reverse die as it is really shattered. Yet, oddly enough, it is very sharp.

*Lot No. 11
(Enlarged)*

- 11 1803 JR-3. **About Uncirculated**, unevenly struck due to die clashing and shattering on both sides. A tiny planchet defect on the edge adjacent to the sixth star. Lovely golden gray blue toning.

*Lot No. 12
(Enlarged)*

- 12 1804 JR-1. Thirteen stars on the reverse. **Extremely Fine**. Light pinscratching, mostly on the obverse, neatly covered by the superb iridescent toning.

VERY RARE

1804 FOURTEEN STAR REVERSE DIME

Lot No. 13
(Enlarged)

- 13 1804 JR-2. Fourteen stars on the reverse. **About Uncirculated**, frosty lustre, struck from lightly shattered dies. The stars at the left weak as always. The first use of the reverse dies was to strike the 1804 quarter eagle. Lovely gray, golden and lightly iridescent. **This could be the finest known** example of this variety and certainly one of the finest of the date. (*SEE COLOR PLATE*)

ANOTHER VERY RARE

1804 FOURTEEN STAR REVERSE DIME

Lot No. 14
(Enlarged)

- 14 1804 JR-2. Another example of the fourteen star reverse. Stars at left weak and diagnostic. **Very Fine**, light gray and iridescent.

Lot No. 15
(Enlarged)

- 15 1805 JR-1. Five berries on the reverse. **Extremely Fine** but a trifle weak in the centers as is most always the case. Splendid golden and blue iridescence.

Lot No. 16
(Enlarged)

- 16 1805 JR-2. Four berries on the reverse. **Extremely Fine**, the surface a trifle rough. Gray and pink iridescent toning.

FULLY STRUCK 1807 DIME

Lot No. 17
(Enlarged)

- 17 1807 JR-1. Only one variety this year although the reverse die was used to strike no less than four different quarter eagles. **About Uncirculated. Unclashed** and very rare thus. The coin overall is well struck, with full rims and devices. A frosty example with pink and iridescent toning.

(Enlarged)

- 19 1809 JR-1. Another example of this rarity. **Extremely Fine** and a better than average strike. Gray and golden toning.

Lot No. 20
(Enlarged)

- 20 1811/09 **Extremely Fine**, well struck despite the massive bulge above the cap. Gray and iridescent.

Lot No. 21
(Enlarged)

- 21 1814 JR-1. Small date. **Brilliant Uncirculated**. A frosty example with golden and light iridescent toning. A better than average strike on the stars at the left.

BEAUTIFUL 1814 LARGE DATE DIME

Lot No. 22
(Enlarged)

EXTREMELY RARE 1822 PROOF DIME

Lot No. 28
(Enlarged)

- 28 1822 JR-1. **Choice Brilliant Proof**. An extraordinary cameo-like example. Well struck, with broad borders and a depth of strike unlike a business strike (see next lot). Beautiful bands of blue and gold with pale sea-green overtones. There is a strong possibility that this is the World's Greatest Collection specimen, identifiable by a tiny speck below the N in UNITED and a "ghost" of a tarnish streak behind the head. There is little doubt that this beauty will elicit heavy bidding. (SEE COLOR PLATE)

*Lot No. 29
(Enlarged)*

- 29 1822 JR-1. **About Uncirculated and choice.** Prooflike, frosty about the devices. Sharply struck and a first-rate example of this rarity.

THE LEGENDARY 1894'S' DIME

*Lot No. 206
(Enlarged)*

THE LEGENDARY 1894'S' DIME
ONE OF ELEVEN SPECIMENS KNOWN

Lot No. 206
(Enlarged)

206 **1894'S' Choice Brilliant Proof.** A fully struck example with full detail in the leaf below the D in DIME and in the crossing leaves at the upper reverse. Rose, steel blue and pale violet toning on glittering surfaces. One of the classic rarities in the U.S. Silver Coinage series, and one of the finest known!

This specimen has only appeared at auction once, in our October, 1947 H.R. Lee Sale, lot 348, where it was described as follows: "Unquestionably one of the extreme rarities in United States Silver coins. The fact is there were only 24 of these coins struck and the cataloguer has for many years tried to find out in what collections these may be found, but met with little success. Our only other experience with these coins was when we acquired the famous Clapp Collection in which there were two specimens. The Clapp Collection is now held intact by one of the outstanding collectors of American coins. This is the first time we are offering at public auction this great rarity. In the fine collection sold by Numismatic Gallery one brought \$2,350.00 and was purchased by the celebrated collector, Mr. W.W. Neil; it was recently resold by B. Max Mehl for \$2,325.00. Many of the very famous collections of both past and present lacked this particular coin. We are offering in this collection this Brilliant Proof, and we concur with other dealers and cataloguers alike that this coin is actually worth \$2,300.00. The collector who will be fortunate enough to possess it has little cause for worry regarding depreciation!"

The coin was purchased from that sale by James A. Stack, Sr., and is now being reoffered at auction for the first time in more than 40 years.

In his *Complete Encyclopedia*, Walter Breen lists the H.R. Lee coin as his #3 and the James A. Stack piece as his #4, part of his list of 12 known specimens. As we have shown these "two" coins to be one and the same, only 11 different specimens can be listed as known today. This coin was one of the two which had been acquired by Louis Eliasberg from the Clapp collection in 1942. It appeared in our Lee sale as part of the Eliasberg duplicates.

We can now provide a more accurate roster of the known specimens, listing as well the Breen specimen numbers and also those in Mr. Johnson's list as quoted in lot 584 of the Norweb Sale:

Stack's	Breen	Johnson	
1	1	2	Newcomer-WGS-Auction '80
2	2	3	Clapp-Eliasberg Estate
3	(3 + 4)	(6 + 8)	Clapp-Eliasberg-Lee-JAS
4	5	5	Daggett-Parker-Brown
5	6	9	Daggett-Parker-Johnson
6	7	12	Daggett-Parker-Kelly
7	8	4	Cass/Empire-Norweb
8	9	11	Mitchelson-CSL
9	10	1	Rappaport-Reuter
10	11	7	Friedberg-NN 51st-1981 ANA
11	12	10	Romito-Montesano

Though all of the pieces were struck as Proofs, several have circulated or been damaged: #6 in our list above has a scratch down the reverse and near the lower reverse border, affecting the mintmark; #10 is Good; #11 is worn and has a circular obverse scratch. Specimen #8 is impounded in the Connecticut State Library and #2 is in the Eliasberg estate.

Including the two specimens in the Clapp collection, Stack's has had the privilege of selling, privately or at auction, six of the eleven known specimens. (SEE COLOR PLATE)

The Teich Family Collection
of
United States Proof Coins

The Teich Family Collection was begun about four decades ago when the senior members of the family, wishing to interest their children in collecting, began bringing home unsorted lots of change for them to look through. Under the guidance of the parents, the family built a general collection of coins taken from circulation, and then began to develop a specialized collection from major auctions and dealers.

The hobby they shared developed a closer relationship between the parents and the children, with many happy evenings spent sorting out change in search of missing dates. As the years passed, parental financial support allowed each individual child to acquire increasingly rare and expensive specimens. The parents carefully nurtured the children's growing education and knowledge of the numismatic fields, just as Morton and Joseph Stack nurtured the numismatic growth of their children Ben, Norman, Harvey, and now Larry Stack. (Numismatics has always been a family hobby!)

In addition to collecting business strikes, the Teich family concentrated on building as complete as possible a series of U. S. Proof coins, since these were the very finest examples of the Mint's products for collectors. Proof coins have always been the best vehicle for appreciation of the beauty and style of American coins. The success of the family in this numismatic specialty is clear from the coins offered in this major auction.

Stack's is privileged to offer this fine collection, built with love and care over so many years.

U. S. PAPER MONEY

We are privileged to offer here one of the finest collections of Number 1 notes to be sold publicly since the fabulous Grinnell Collection over forty years ago. Included are both of the known Number 1 Demand Notes, as well as Legal Tender Notes, Silver Certificates, Federal Reserve Bank Notes, and National Bank Notes, many not previously known to exist. Most are the true first notes issued of a design; very few are simply the first of a particular block combination or series designation. Also included are no less than five Double Denomination notes, including the only cut sheet remaining in collectors' hands.

While this is a relatively small offering, it certainly ranks as one of the most important offerings in many years.

DEMAND NOTES

Unprecedented Offering of

Both of the Known Serial Number 1 \$5.00 Demand Notes

UNIQUE SERIAL NUMBER 1 \$5.00 NEW YORK DEMAND NOTE

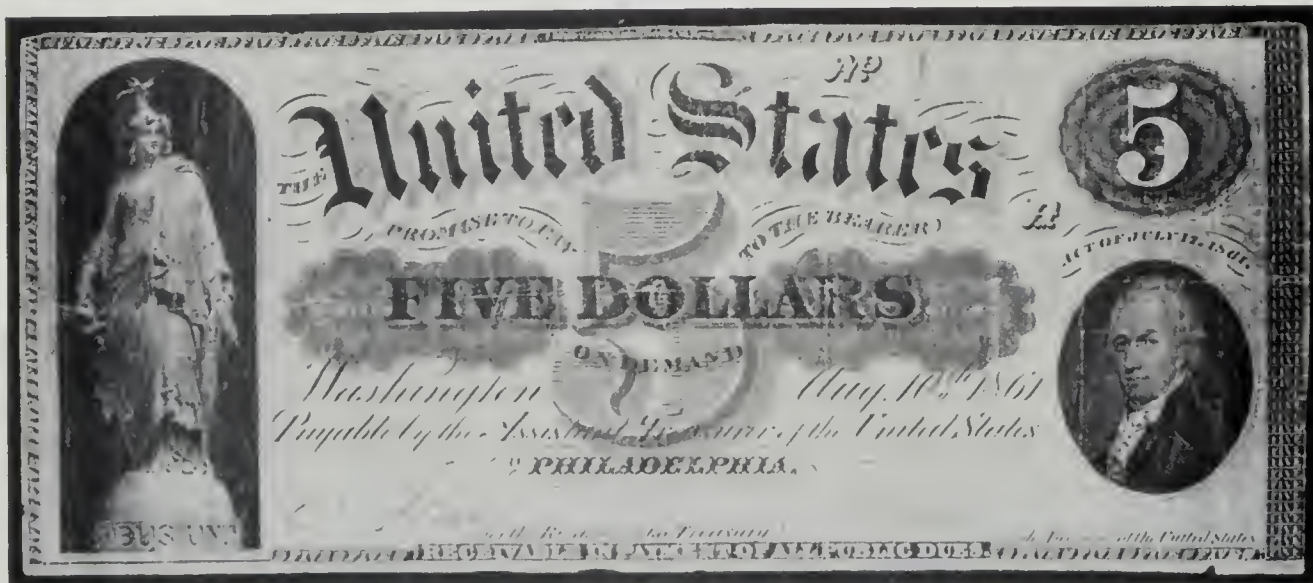

Lot No. 1042

- 1042 \$5.00. Fr.1. 1861. **Serial Number 1**, series 7. Although many serial number 1 notes are known in later series, particularly the 1899 Silver Certificates and the 1917 Legal Tender notes, **only three serial number 1 Demand Notes have survived (two \$5.00 and one \$10.00)**. Considering the political and financial climate of the time, this is not surprising - the large failure rate of the so-called "broken banks" and the general public mistrust of both paper money and the government in general led people to either refuse paper money or, if they were forced to accept it, redeem it quickly for gold. In fact, Treasury officials at the time made a public display of accepting their own salaries in "greenbacks" in a losing effort to instill public trust. In spite of such official theatrics, Demand Notes and the early Legal Tender Notes still traded at a small discount compared to gold. Given the situation, and the fact that \$5.00 at the time was more than the weekly wage of the average person, few people would notice, let alone save, a Serial Number 1 note.

This note is internally Fine, though the edges are quite ragged and nicked, with some minor stains and a couple of small bald spots on the back from adhesive removal. It is, nevertheless, solid, with good signatures and no damage other than the edges. **One of only two known Serial Number 1 \$5.00 Demand Notes**, this is the first time it has been available publicly. That this note will draw wide bidding interest from specialists is as certain as death and taxes; where the bidding will stop — far less certain.

UNIQUE SERIAL NUMBER 1 \$5.00 PHILADELPHIA DEMAND NOTE

Lot No. 1043

- 1043 \$5.00. Fr.2. 1861. Serial Number 1, no series. *The first Five Dollar Philadelphia Demand Note issued.* Previously catalogued as the first Philadelphia note with "for the" printed, overlooking one very important point - this note has no "Series" designation. This makes it the first Philadelphia note of **any** variety, and, further, proves that the handwritten "for the" variety for Philadelphia (Fr.2a) was never printed. In other districts, the handwritten "for the" variety comprised at most the first few thousand of the initial (no "series") printage. (The Series represented the succession of 100,000 note blocks, each reverting to Serial Number 1 and running to 100,000, till the authorized printage was completed. The highest Series reached was 15, in the New York \$5.00 notes.) Since the only existing print records for Demand Notes fail to differentiate between the two varieties, this note is **extremely important** as the only proof that Fr.2a was never issued. Very Good, with some edge nicks and splits in the center fold, and soiling typical of the grade. Still perfectly presentable, with legible signatures.

PAPER MONEY ILLUSTRATIONS

In compliance with Federal Statute, all paper money is shown less than ¾ actual size.

UNIQUE UNCIRCULATED DEMAND NOTE

Lot No. 1044

- 1044 \$5.00. Fr.2. 1861. **Choice Uncirculated.** The Condition Census for this variety consists of this solitary Uncirculated, followed by a few Extremely Fine/About Uncirculated notes from Series 15, all around No.433xx. Not only is this the only Uncirculated Philadelphia \$5.00 note known, but this note stands alone as **the only Uncirculated note known in the entire Demand Note series**, which currently totals some 300 to 400 notes known encompassing the three denominations and five districts. For those desiring the ultimate condition collection, no more rare or impressive item can be had than the **single finest known of an entire series!** No.17369.

First brought to public attention in NASCA's Brookdale Sale (November 12, 1979, lot 1414); later in the Heritage Sale of June 25, 1987, lot 4029.

IMPORTANT NOTICE

In accordance with the terms of sale, each successful bidder also agrees to pay a buyer's charge of ten percent (10%) of the winning bid recognized by the auctioneer.

LEGAL TENDER NOTES

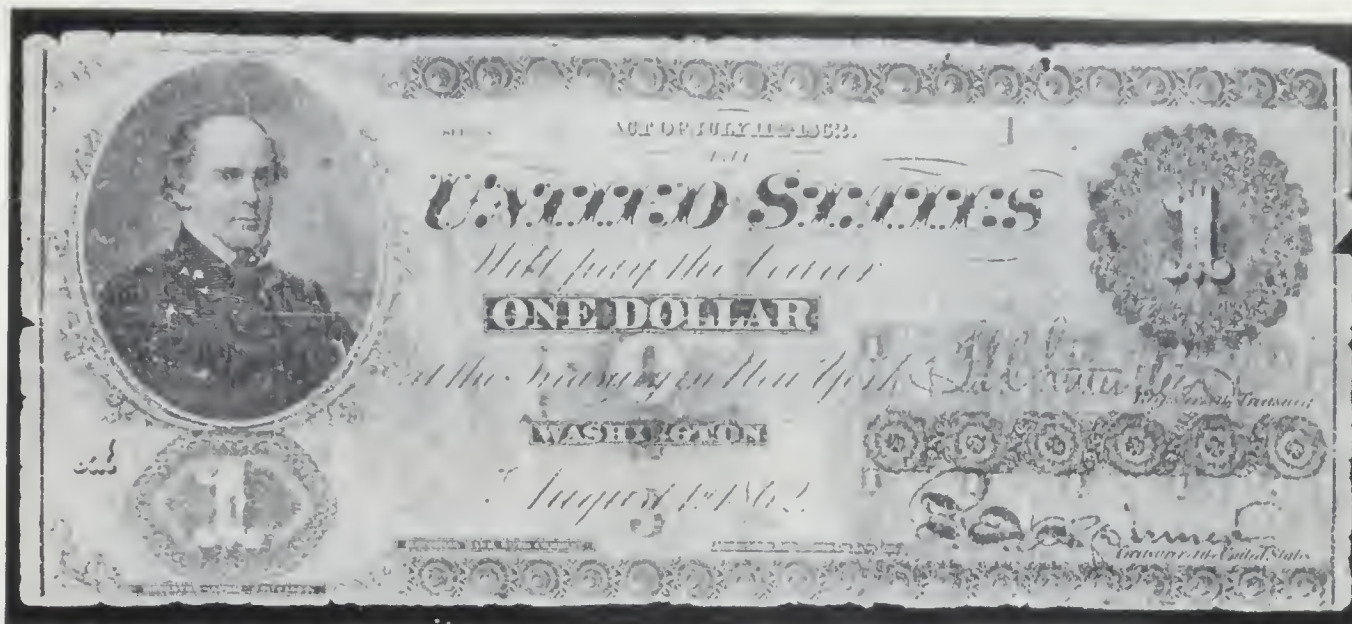

- 1045 \$1.00. Fr.16. 1862. Choice Extremely Fine. A Gem Uncirculated if not for three soft vertical folds. Bright and crisp, with good margins. No.90130, Series 272.

UNIQUE PAIR OF NUMBER 1 AND NUMBER 100000 NOTES

Lot No. 1046

- 1046 \$1.00. Fr.17a. 1862. **Serial Numbers 1** (series 20), and **100000** (series 73). The 1862-1863 Legal Tender notes (like the Demand Notes) had 5-digit serial numbers; after each 100,000 notes were printed, the serial number reverted to 1 and the Series was incremented. Since the numbering machines had only five digits, the last note of each series (100000) had to be set by hand. Similar notes are known for Friedberg varieties 58, 226, 232, 233, 235, 237, and 871, where a numbering machine set for eight digits had to be set by hand to nine digits for the completion of a run, but this is the only known 5-digit to 6-digit example. While Number 1 notes are known in many series (nearly two dozen in this extraordinary sale), these extra-digit notes are **extremely rare** and seldom offered. The opportunity to obtain a Number 1 and Number 100000 note at the same time has never happened before, and may not again for many years. Both notes grade Fine, and are rather pleasing. The 100000 note has some soiling in the folds, mostly on the back. 2 pieces.

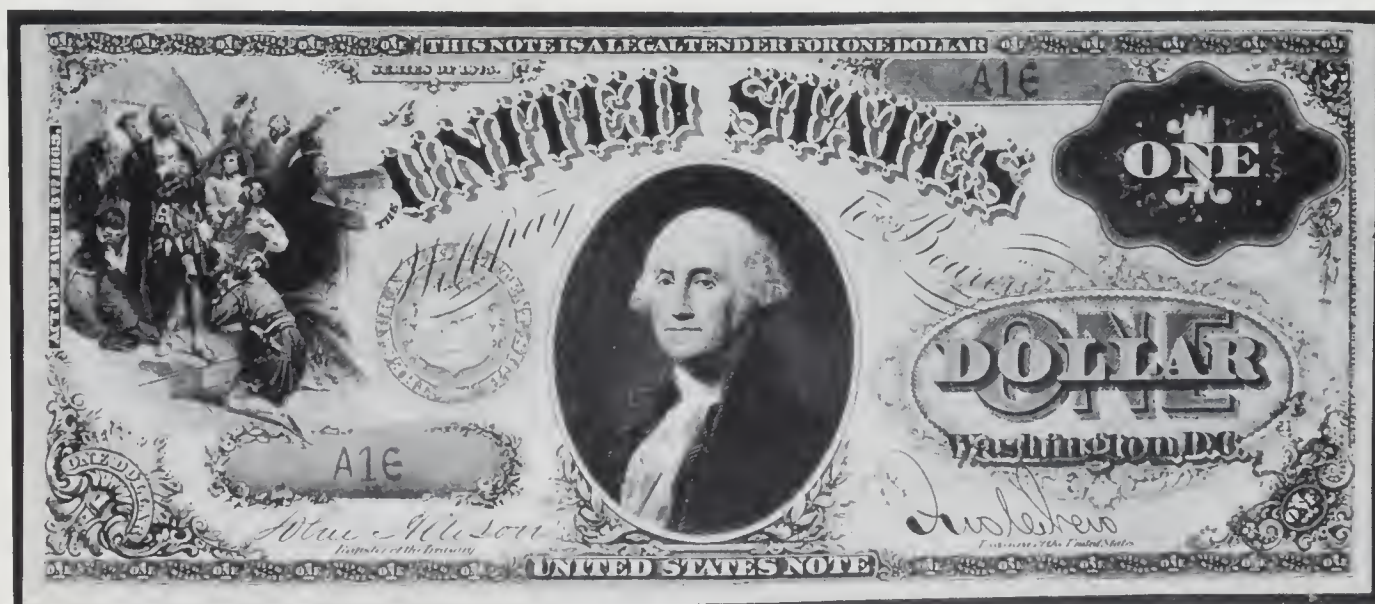

Lot No. 1047

- 1047 \$1.00. Fr.17a. 1862. **Serial Number 1**, Series 126. Fair, with considerable soiling and rough edges. Very scarce and still presentable. Although the most available denomination of the early large size notes, it is still **rare** in comparison to number 1 notes in our small size currency, or even the later large size issues.
- *1048 \$1.00. Fr.17a. 1862. Choice Uncirculated. Trimmed in at the lower left, with a bent corner tip. bright and crisp. No.58482, Series 15.
- *1049 \$1.00. Fr.18. 1869. Choice Uncirculated, very nearly gem. A lovely example of the famous "Rainbow" series. No.V2862688.

UNIQUE NUMBER 1 "SERIES A" AND "SERIES B" NOTES

The 1875 Legal Tender notes from "SERIES A" through "SERIES E" are all decidedly rare and undervalued, with the sole exception of the SERIES B \$5.00 note. They all preceded the regular (no SERIES) variety, though Friedberg continues to list them out of order. The following Number 1 notes of these series have never been offered publicly before.

UNIQUE NUMBER 1 "SERIES A" \$1.00 NOTE

Lot No. 1050

- 1050 \$1.00. Fr.21. 1875. Series A. **Serial Number A1**. About Uncirculated, with three light vertical folds. Otherwise Choice Uncirculated. **Rare** as a variety, and of the highest desirability as the first 1875 Legal Tender \$1.00 issued.

SERIAL NUMBER 1 \$5.00 LEGAL TENDER NOTE

Lot No. 1076

- 1076 \$5.00. Fr.63. 1863. **Serial Number 1**, new series 30. Fair, with ragged, chipped edges and part of the lower left corner gone. There are some repairs in the central splits. While more common than Number 1 Demand Notes, there are still less than a dozen Number 1 Fr.63's known. Regardless of condition, the adjective **rare** certainly applies.
- Our consignor has advised us that this is the worst known Serial Number 1 note, an assessment with which we heartily concur. He has asked us to so describe it in the hope that collectors of more modest means may have the opportunity to enjoy owning a Number 1 note!*
- 1077 \$5.00. Fr.63a. 1863. Uncirculated, virtually choice. Some teller handling at both ends. No.37998, new series 68.

UNIQUE SERIAL NUMBER 1 1862 \$10.00

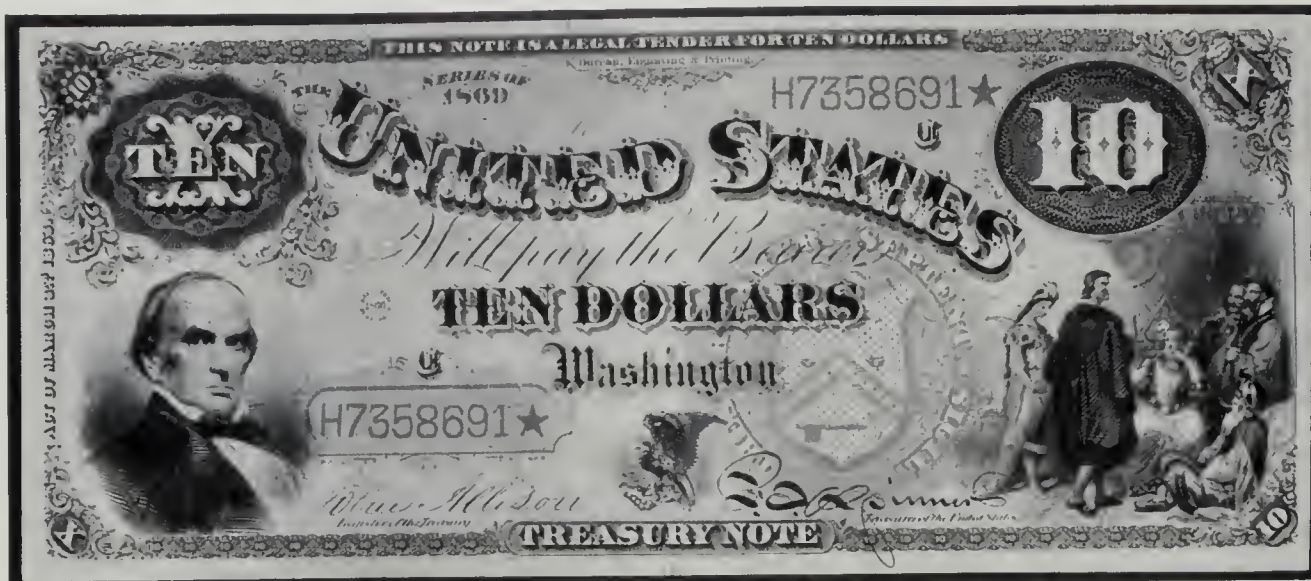

Lot No. 1088

- 1088 \$10.00. Fr.93. 1862. **Serial Number 1**, Series 61. Although several Number 1 \$1.00 notes and \$5.00 notes are known in the 1862-1863 Legal Tender series, this is **the only Serial Number 1 \$10.00 note known of the 1862-1863 Legal Tender Notes**. Those wishing to form a denomination set of early Number 1 notes cannot ignore this first-ever public offering. Very Good to Fine with a few pinholes and a corner tip missing. The soiling is typical of the grade, and no individual folds are dominant. Overall a more than acceptable example of this **unique** note.

U. S. LEGAL TENDER NOTES

- *1089 \$10.00. Fr.95b. 1863. Choice Uncirculated, some teller handling at the right. Seldom seen this nice due to the fragile nature of the paper used in the 1862-1863 period. No.5421, new series 52.

Lot No. 1097

1097 \$10.00. Fr.119. 1901. **Cut Sheet of Four.** Choice Uncirculated. Kept from gem by faintly rounded corners, the type that occurs when an original pack of notes has its corners bumped. Otherwise very bright, crisp, and attractive. Nos.E9896493-96. 4 pieces.

1098 \$10.00. Fr.119. 1901. Choice Uncirculated. From the same pack as the cut sheet above, and the same comments apply. This single note is just a trifle better than the notes above, but still not quite gem. No.E9896476

UNIQUE PAIR OF FIRST AND LAST NOTES ISSUED

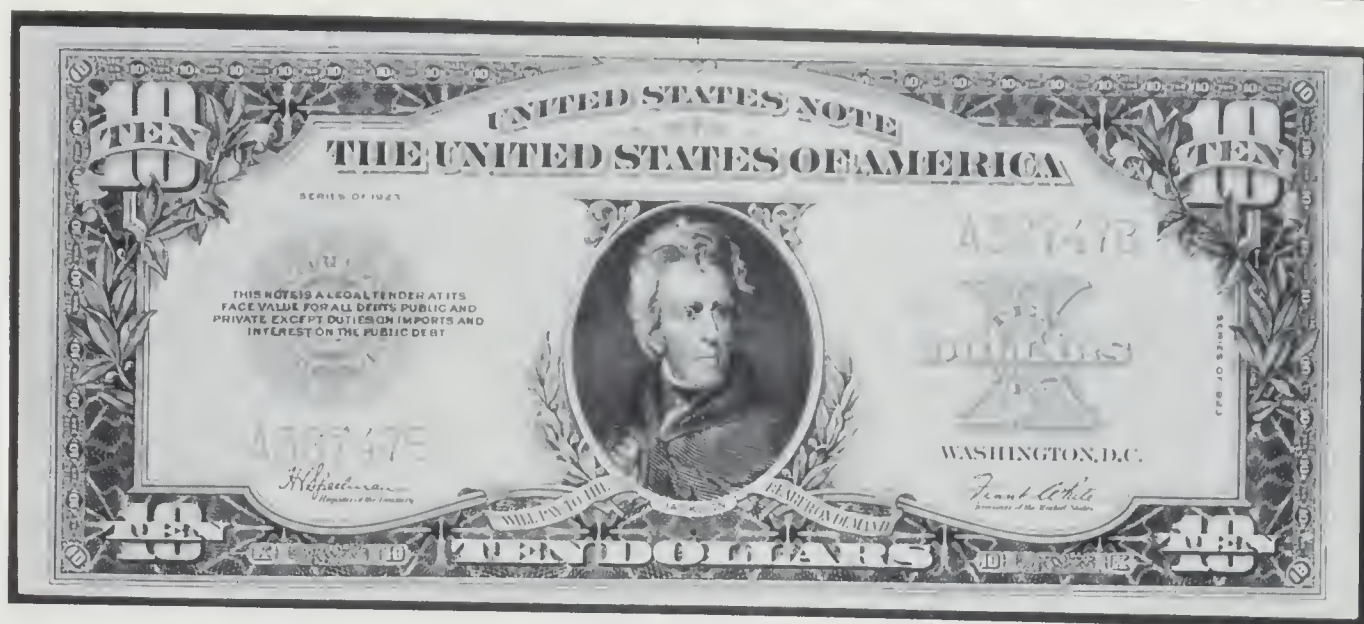

Lot No. 1101

1101 \$10.00. Fr.123. 1923. An utterly unsurpassable pair of notes consisting of the **first note issued**, No.A1B, and the **last note issued**, No.A696000B. *Nowhere in the entire field of our Federal currency is a similar pair of notes known to exist.* That it should exist on such a rare and popular type is indeed extraordinary.

The A1B note is basically Choice Uncirculated. The extreme upper right corner tip has a tiny split, and there is minor teller handling at the right. In the right light, traces of two hinges can be seen. However, it is bright, clean and crisp, and to call it less than choice would be a gross disservice. The A696000B note is Choice Uncirculated or better, with just a short bent corner tip. Like the A1B, bright, crisp and very attractive.

As noted above, we know of no similar instance of the first and last notes of a design being preserved; in fact we know of no other instance where the last note of a design exists. This is not entirely unexpected, as the public at large would not have known what the last note would be, and would not attach any significance to a serial number such as A696000B.

As incredible as it may seem, our consignor acquired these notes separately; they were not preserved together at the time of issuance! It would indeed be a tragedy should they ever be separated again. 2 pieces.

Lot No. 1102

- 1102 \$10.00. Fr.123. 1923. Gem Uncirculated. A very attractive example of this scarce type, bright, bold and crisp. No.A38747B.

EXTREMELY RARE NUMBER 1 1862 \$20.00

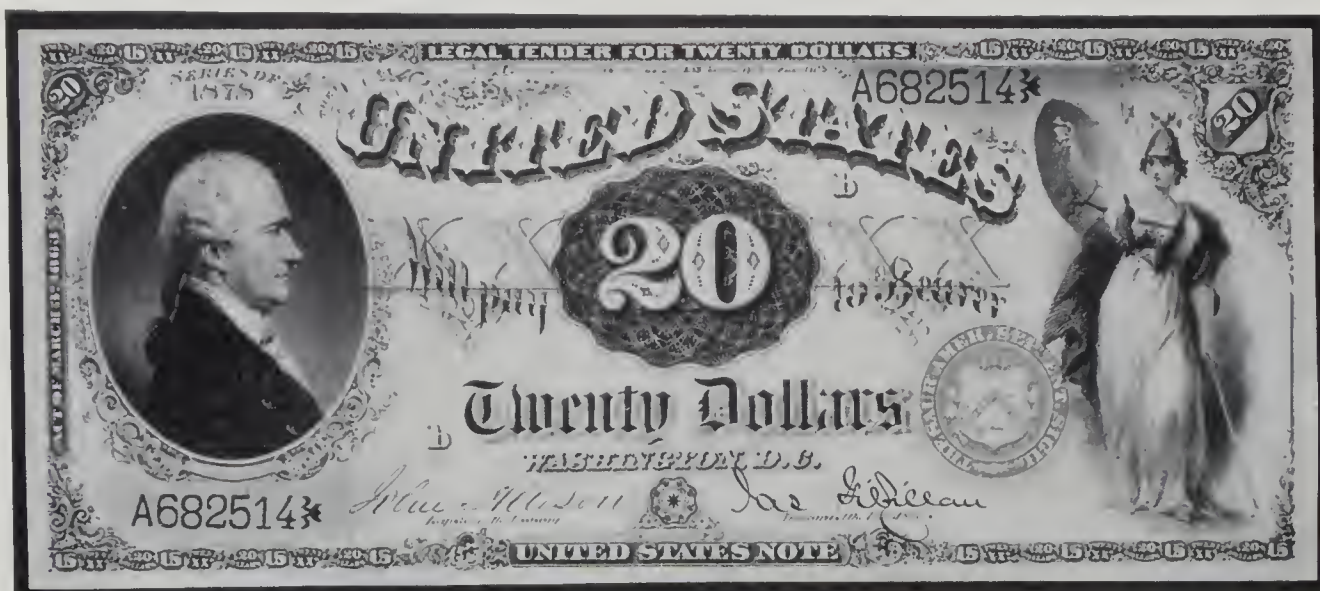

Lot No. 1103

- 1103 \$20.00. Fr.125. 1862. Serial Number 1, new series 2. Very Good. At present, only one Number 1 1862 \$20.00 and one Number 1 1863 \$20.00 are known, and this is the only one ever offered publicly. For those assembling a type set of Serial Number 1 notes this and the \$10.00 above are the keys to the early notes.

UNIQUE UNCUT SHEET

Lot No. 1120

- 1120 \$2.00. Fr.252. 1899. Uncut Sheet of Four. Unique - the only uncut sheet ever reported. Not even reported to exist as a sheet by Hessler, the only reference to list sheets. Extremely Fine, with three unobtrusive horizontal folds, but no other folds, handling, dirt, or any other distractions. A particularly bright, attractive sheet, with full sheet selvedge all around, containing Treasury plate numbers, engravers initials, etc. Serial Numbers E5 to E8.

In considering the collecting of uncut sheets, the collector should bear in mind that the current Treasury practice of selling uncut sheets to the public is a relatively recent development. In the field of large size notes, sheets were never sold to the public, and could only be obtained if one had the proper "connections." In the 1899 Silver Certificates, a total of 17 uncut sheets of \$1.00 notes are known for all signature varieties combined, while only 7 uncut sheets of \$2.00 notes are known. This is the only known sheet of Vernon-McClung \$2.00 notes, and comes from Kagin's October 22, 1976 MANA Convention Sale, lot 1242.

Lot No. 1121

- 1121 \$5.00. Fr.268. 1896. **Gem Uncirculated.** The third and last denomination of the beautiful "Educational" series. Seldom seen this nice. No.3447195.
- 1122 \$5.00. Fr.269. 1896. Choice About Uncirculated. Looks Gem Uncirculated, with good color, margins, paper, etc., but has a very faint center fold, barely detectable. An exquisite type note. No.26784885.
- 1123 \$5.00. Fr.275. 1899. **Gem Uncirculated.** Clean and crisp, with good margins and full, deep original embossing. As nice a type note as one could wish for. **Low Serial No. K88.**
- 1124 \$10.00. Fr.292. 1886. Extremely Fine. Looks Uncirculated at first glance, but has two vertical folds and a corner fold, none with any soiling. Very attractive. No.B2568137.

UNIQUE NUMBER 1 1891 \$20.00 SILVER CERTIFICATE

Lot No. 1125

- 1125 \$20.00. Fr.317. 1891. **Serial Number E1.** As with many of the notes in this collection, this is a "true" Number 1 - **the first note of the type**, rather than simply the first note of just another block combination. Choice About Uncirculated, with a broad corner fold. Otherwise Uncirculated, with good color and excellent margins. Another spectacular showpiece as this is a difficult type to acquire in high grade even with a "normal" serial number.

From the NASCA sale of October 8, 1984, lot 2035.

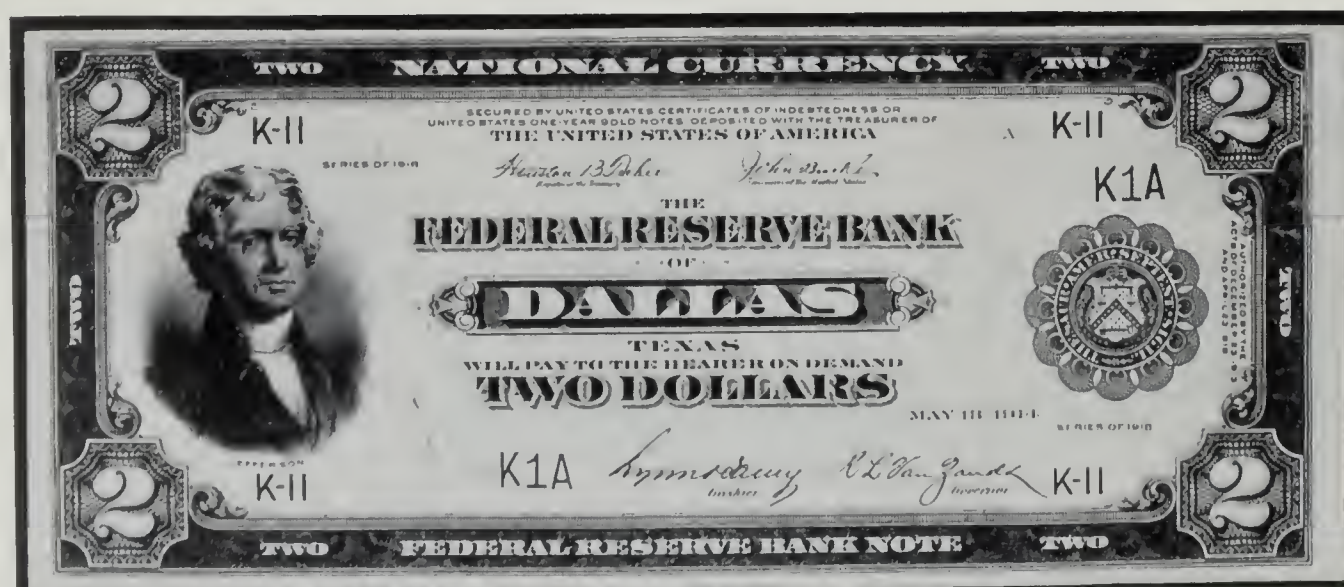

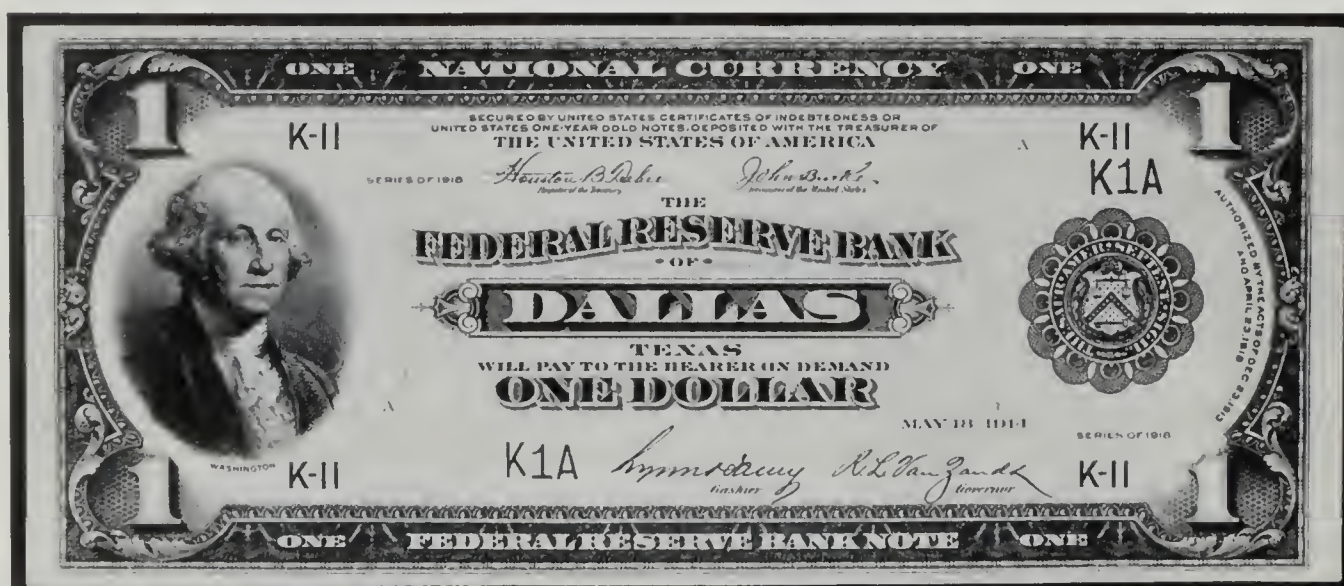

TREASURY / COIN NOTES

- 1126 \$1.00. Fr.350. 1891. Gem Uncirculated. Crackling fresh, with full original embossing. No.B10880153.
- 1127 \$10.00. Fr.368. 1890. Choice Uncirculated. A beautiful, crackling fresh note, just a bit too close at the top for gem. An absolutely top-notch example in all other respects. No.A3887899.
- 1128 \$20.00. Fr.375. 1891. Fine, washed. Not high grade, but far scarcer than the 1890 issue. No.B249642.

FEDERAL RESERVE BANK NOTES

- 1129 \$1.00. Fr.734. 1918. Minneapolis. Choice Uncirculated, nearly gem. Scarce in any condition, but definitely rare this nice. The rarest \$1.00 note of the series. No.I4951476A.

UNIQUE PAIR OF NUMBER 1 DALLAS NOTES

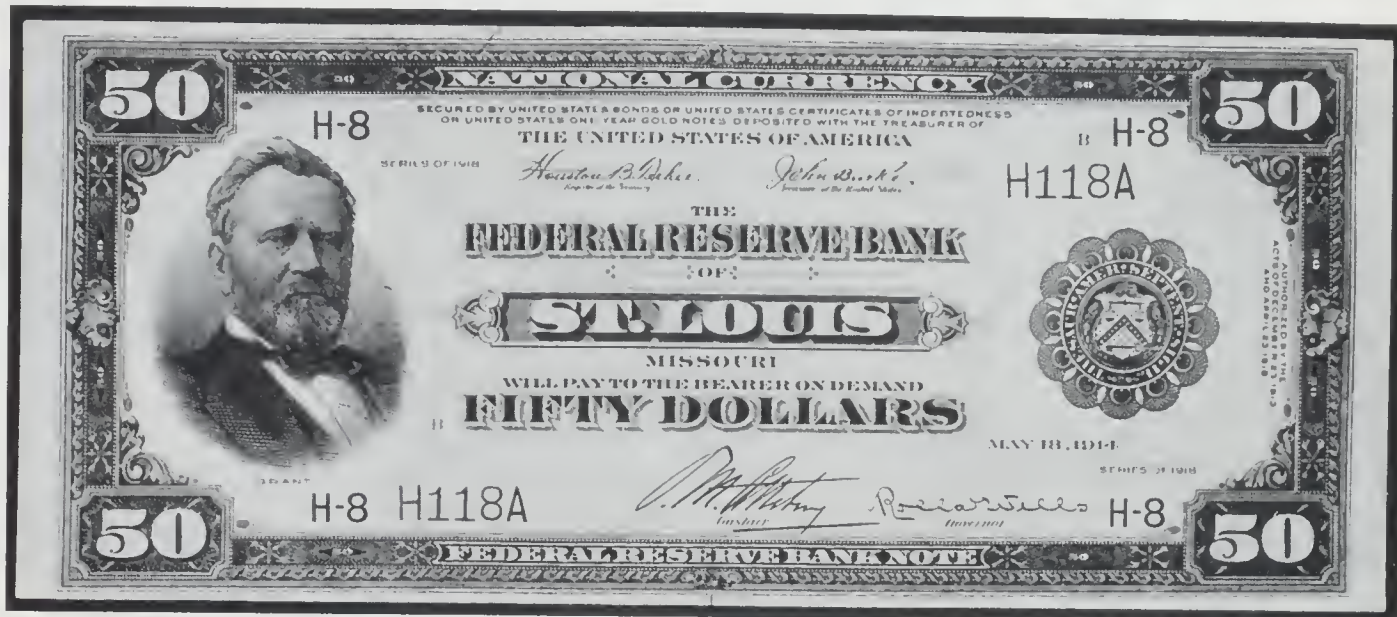

Lot No. 1130

- 1130 \$1.00. Fr.740, and \$2.00. Fr.776. 1918. Dallas. Both have **Serial Number K1A**. Choice Uncirculated and very attractive, though the \$1.00 note has a broad curved crease in the bottom margin. **The first \$1.00 and \$2.00 notes issued for the Dallas district.** The only other pair of Number 1 notes in the Federal Reserve Bank Note series is on the Atlanta district, and both notes are now in the ANA Museum, leaving this the **only collectible pair. 2 pieces.**

These notes were sold separately in Aubrey Bebee's 1956 fixed price list of the fabulous James M. Wade Collection. It is indeed fortunate that they have remained together all these years.

- 1131 \$5.00. Fr.782. 1918. Very Fine to Extremely Fine, tight at the top. No.B1107027A; \$5.00. Fr.799. 1918. The rare Minneapolis note. Fine to Very Fine, with light soiling but no damage. Scarce. No.I725067A. 2 pieces.

RARE \$50.00 ST. LOUIS

Lot No. 1132

- 1132 \$50.00. Fr.831. 1918. St. Louis. **Choice Uncirculated.** *The Hessler plate note.* A classic and popular type note rarity. Though plates were prepared for all twelve districts, notes were only issued for the St. Louis district. While several of the less than fifty notes known are Uncirculated, most are somewhat "handled." This is **one of the nicest we have seen**, and is certainly **Choice**. Nice and original, with no problems. No.H118A.

SPECTACULAR CUT SHEET OF DOUBLE DENOMINATION NOTES

Lot No. 1133
(Front)

Lot No. 1133
(Back)

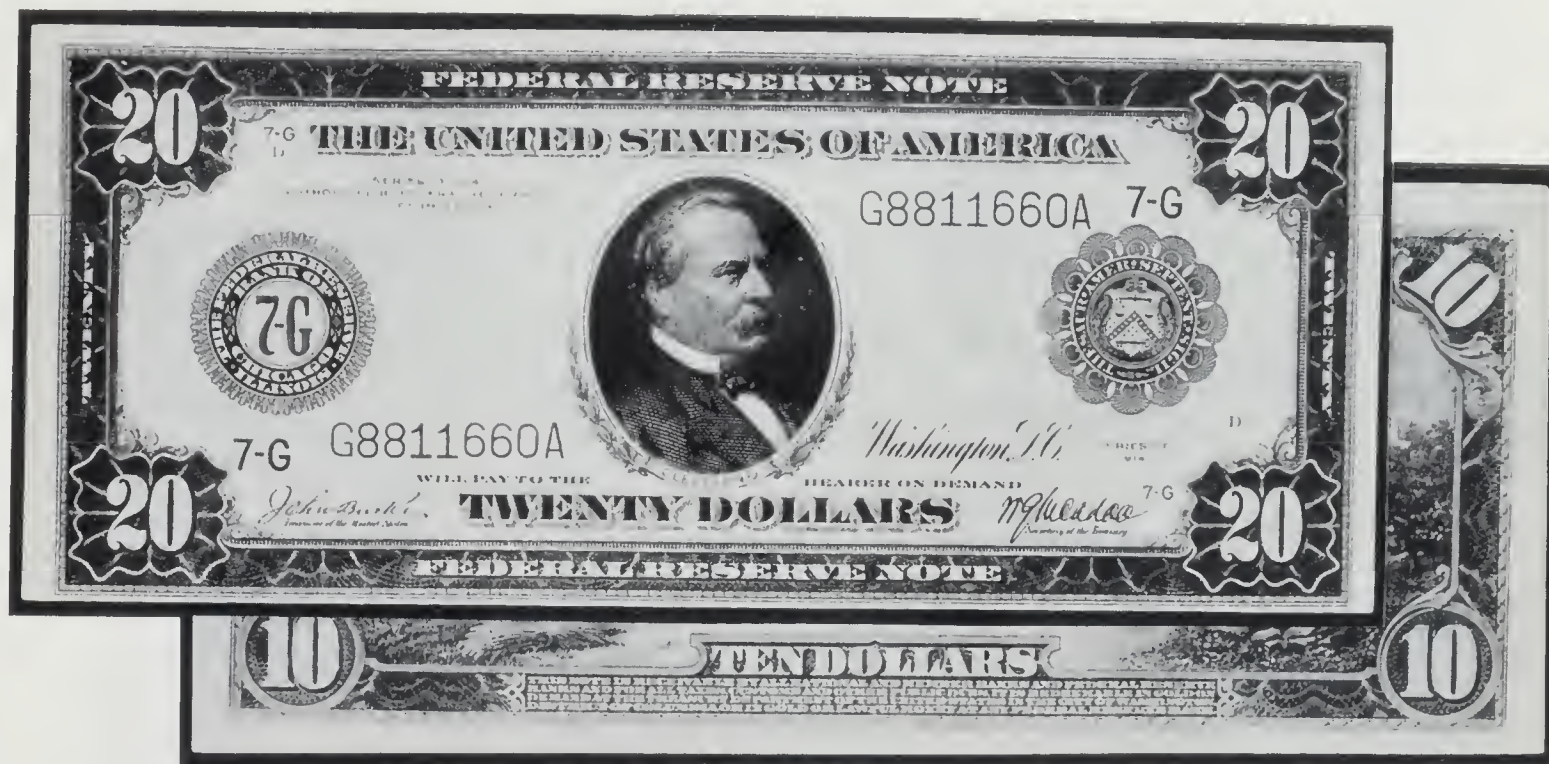

- 1133 \$20.00/\$10.00. Fr.964. 1914. Boston. Nos.A1851505A-08A. **One of only two cut sheets of double denomination notes known.** The other sheet was recently donated to the ANA Museum by Aubrey Bebee, leaving this **the only cut sheet of double denomination notes in collector's hands.** A third cut sheet is at least a remote possibility, as the four consecutive notes of a Chicago \$5/\$10 sheet are known. However, the four notes are lower grade, and are divided among three collectors, none of them disposed toward selling.

The notes offered here have been catalogued as Uncirculated in their few previous public appearances, and they do indeed look Uncirculated at first glance. However, all have very well concealed folds, reducing them to a technical grade of Extremely Fine to About Uncirculated. The overall appearance, though, is exceptional.

Double Denomination notes have always been the epitome of the error field, and a **more spectacular show piece would be hard to imagine.** 4 pieces.

An outstanding sheet, with an illustrious pedigree to match: Originally lot 4831 in the legendary Grinnell sale; then in Federal Brand's August 21, 1957 ANA Sale, lot 2218; most recently in Kagin's June 19, 1981 Memphis Sale, lot 1022.

DOUBLE DENOMINATION CHICAGO NOTE

Lot No. 1134 (Front and Back)

- 1134 \$20.00/\$10.00. Fr.988. 1914. Chicago. **About Uncirculated.** Of the three notes originally from this sheet, the first is in the ANA Museum, the second is in a currently active collection, and the third is presently unreported. One additional sheet was printed, and all four notes from it are in the ANA Museum.

Large size Double Denomination notes should not be confused with errors of the small size currency field. Until recent years, quality control at the Bureau of Engraving and Printing was exemplary, and very few errors escaped. Recent budgetary restrictions have severely compromised the Bureau's efforts, and many errors are escaping that would not have in prior years. As a result, large size errors, and particularly Double Denomination notes, are enjoying renewed popularity and demand. This lovely note would be easily mistaken for Uncirculated, as the single center fold is very light and well hidden. **Among the finest known large size Double Denomination notes.** No.G8811660A.

GOLD CERTIFICATES

- 1135 \$20.00. Fr.1187. 1922. Choice Uncirculated. Superbly bright and fresh, but trimmed very tightly at the bottom right. No.K43706150.
- 1136 \$50.00. Fr.1192. 1882. The normally seen large brown seal (see next lot). Very Good, with a few tiny pinholes and edge splits. Less than a dozen have been recorded. No.C95483.

UNIQUE DISCOVERY NOTE

Very rarely in American numismatics is a completely new and important variety discovered. That such an event should occur is newsworthy; that it should happen in such a well researched field as our Large Size Currency is truly extraordinary. The Friedbergs have informed us that the following newly discovered variety will be listed as Fr.1192a in future editions of their work.

Lot No. 1137

- 1137 \$50.00. Fr.1192a. 1882. No.C128690. A completely new variety, with signatures of Rosecrans and Huston (as on Fr.1192), but with a small red scalloped seal (as on Fr.1193). Investigation of Treasury records by Doug Murray has established the indisputable facts that 1) Printing of the authorized issuance of Rosecrans-Huston notes was completed in January, 1891; 2) The combined tenure of Rosecrans and Huston ended April 21, 1891; and 3) Use of the small red scalloped seal did not commence until June, 1891. Therefore, according to Treasury Department records, **this note cannot exist**, yet here it is! To compound the mystery, one Rosecrans-Huston note with the older large brown seal is known with a higher serial number (No.C132192, from a 1984 Kagin sale).

This note is a solid **Fine to Very Fine**, with no pinholes, tears or other problems. The surface dirt is lighter than normal for the grade, the margins are good, and it is overall a very attractive note. In short, the condition is more than adequate to preclude any possibility of tampering or alteration after it left the Treasury.

This **unique discovery note** has never been offered publicly before, and no other example is even rumored to exist. We find it amazing that it has survived for nearly a century without being noticed. A chance in a lifetime for the devoted Large Size enthusiast.

- 1138 \$100.00. Fr.1208. 1882. Fine, with a few tiny pinholes. Looks Very Fine to Extremely Fine on the face, with little dirt and a bold seal. The back has soiling and wear typical of the true grade. Of the dozen or so known, no finer examples have been sold publicly in nearly ten years, and only one is known to be substantially better. No.E68019.

U. S. GOLD CERTIFICATE, NATIONAL BANK NOTES

RARE \$1,000.00 GOLD CERTIFICATE

Lot No. 1139

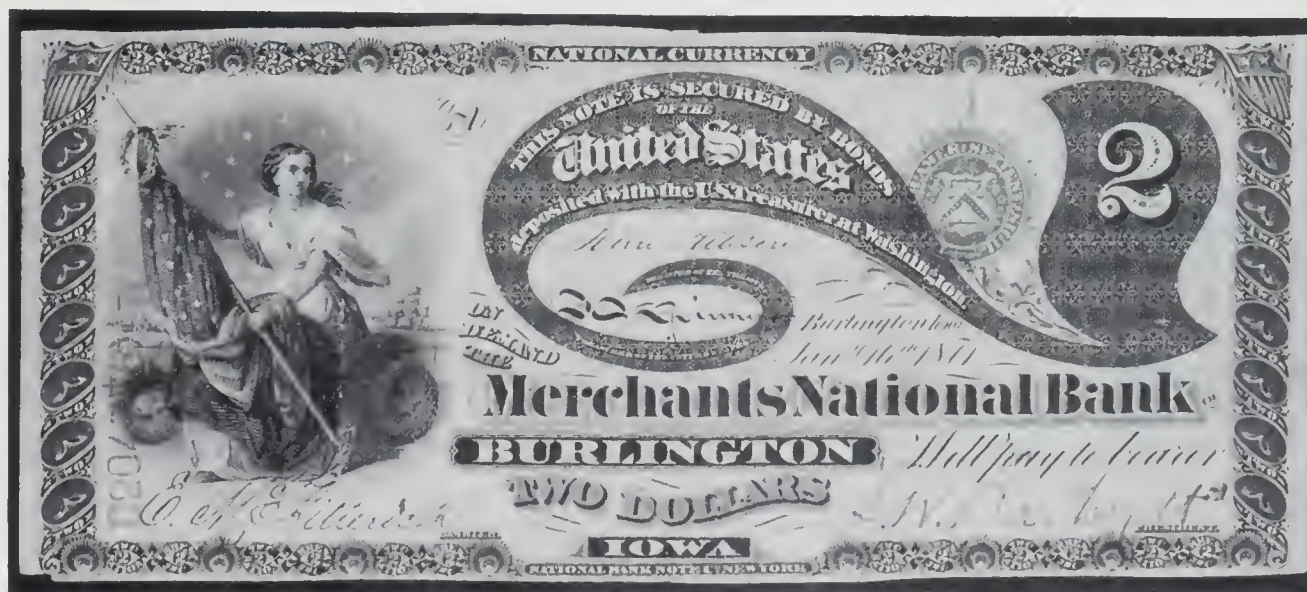

- 1139 \$1,000.00. Fr.1220. 1922. Fine to Very Fine. A solid, pleasing note, with the overprint and back still bold. A rare note, with less than two dozen known, the majority around this grade or below. How many of such a high denomination could have been saved? No.E61438.

Ex Brookdale Collection (NASCA, November 12, 1979, lot 2540).

NATIONAL BANK NOTES

EXTREMELY RARE

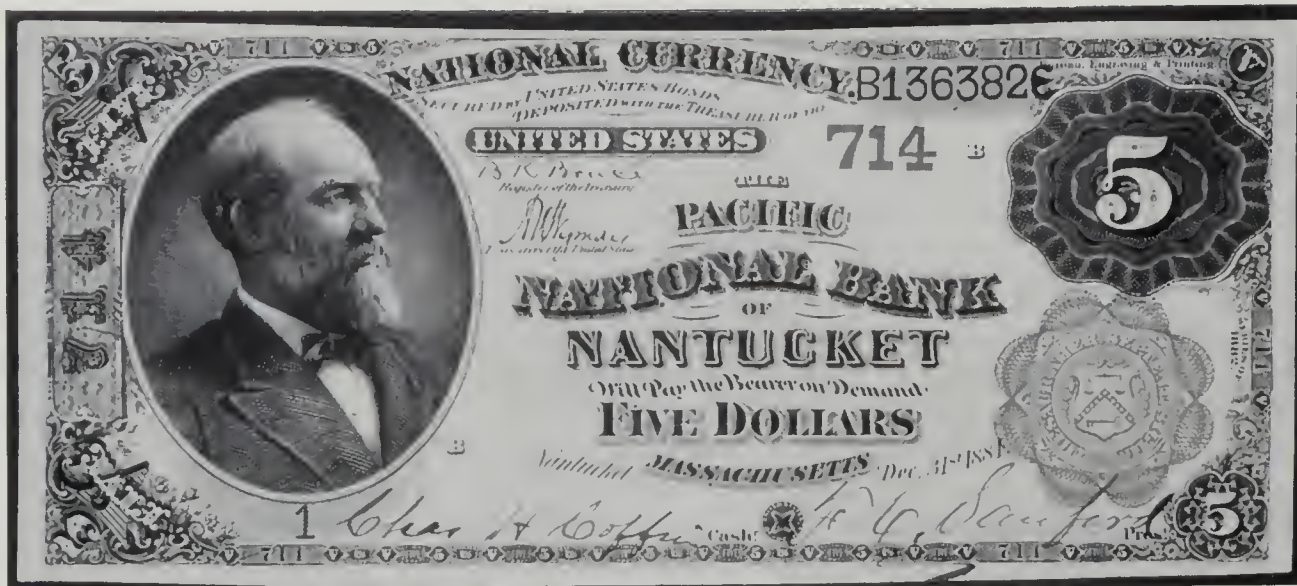

SERIAL NUMBER 1 "LAZY DEUCE" FROM IOWA

Lot No. 1140

- 1140 IOWA. (Ch.1744). MERCHANTS NB OF BURLINGTON. \$2.00. Fr.389. Orig. Series. Bank Serial Number 1. Very Fine, with a couple of tiny pinholes. Looks nicer on the face, though the back shows the folds more heavily. Bright, with good signatures and substantial body for the grade. At present just over two dozen Lazy Deuces are known from Iowa, **only two of them are Serial Number 1**. A very popular type, very rarely found from any state with Serial Number 1.

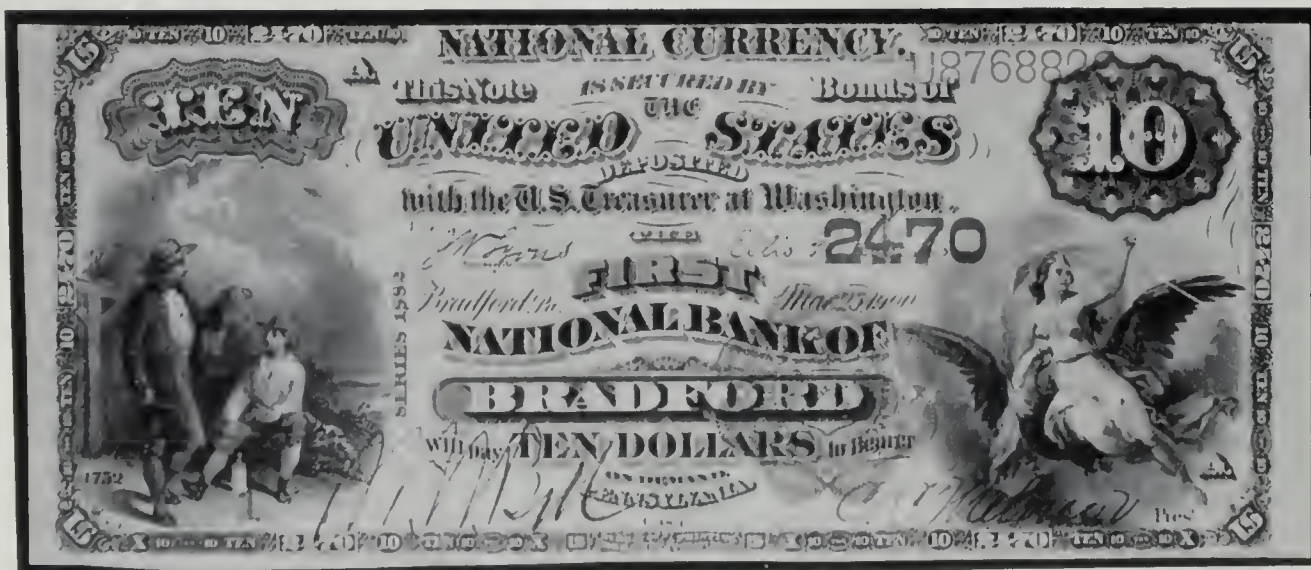

RARE SERIAL NUMBER 1 MASSACHUSETTS BROWN BACK

Lot No. 1141

- 1141 MASSACHUSETTS. Ch.714. PACIFIC NB OF NANTUCKET. \$5.00. Fr.467. 1882 BB. **Bank Serial Number 1.** Uncirculated, with a couple of small pinholes. Lovely, with original embossing, bright paper, and vivid signatures, but uneven at the top, with a bent corner tip. Still very bright and attractive, with good signatures.
- 1142 MISSOURI. Ch.5172. STATE NB OF ST. LOUIS. \$5.00. Fr.477. 1882 BB. **Gem Uncirculated.** A superb example with good margins, color and signatures, and the deep original embossing one seldom sees these days.

TWO RARE SERIAL NUMBER 1 PENNSYLVANIA NOTES

Lot No. 1143

- 1143 PENNSYLVANIA. Ch.2470. FIRST NB OF BRADFORD. \$10.00. Fr.490. 1882 BB. **Bank Serial Number 1.** A Rarity 6 bank; the last one to appear publicly was a Very Fine 1882 Date Back over ten years ago. Extremely Fine, crisp. Uncirculated but for two sharp vertical folds. Trimmed in across the top, but otherwise very nice and **very rare.** A note that has it all - a lovely appearance, a rare bank, and Serial Number 1.
- 1144 — Ch.2667. SELLERSVILLE NB. \$5.00. 1929 T1. **Serial Number D000001A.** Rarity 5 in both large and small size. **Choice Uncirculated.** A gem except the margins are just a bit irregular. Bright, crisp and fully original. Another seldom offered bank with an unbeatable serial number.

UNCUT CURRENCY SHEETS

- 1145 \$1.00. S.C. 1935A. **HAWAII overprint.** Full uncut sheet of 12 notes. Uncirculated. All are bright and crisp, but the sheet is trimmed into all notes on the left side, and the bottom is curled. The right margin is very tight. With the resumption of Treasury sales of uncut sheets to the public, sheet collecting has never been more popular. A rare and popular World War II sheet, seldom available.
- 1146 \$1.00. S.C. 1935C. **Full uncut sheet of 12 notes.** A few small corner folds and a vertical fold between the notes, otherwise Uncirculated. **Rare.** Nos.K99996517D-28D.

MILITARY PAYMENT CERTIFICATES

EXTREMELY RARE SET OF SERIES 651 FRACTIONAL NOTES

Lot No. 1149

- 1149 **Series 651. 5¢, 10¢, 25¢, 50¢.** A complete set of the **extremely rare** fractional notes of the 651 Series, only the third such set ever sold publicly. The designs are similar to the 641 series, but in different colors. We know of only three complete sets, including this one, and a few single notes are reported to exist. Only a tiny portion of today's collectors have ever had the opportunity to own what are unquestionably the rarest notes of the MPC series. Even the classic 471, 521, and 541 \$5.00 notes are common by comparison. **Gem Uncirculated**, and as nice as the moment they left the press. Certain to be the highlight of any collection they reside in. 4 pieces.

The fractional notes of the 651 form not only the rarest, but the most enigmatic issue of the entire MPC series. Originally released on April 28, 1969 in Korea, the series was thought for many years to consist only of the \$1.00, \$5.00 and \$10.00 denominations. In 1974 a photograph of a 50 note was provided by the Bureau of Engraving and Printing and in 1976 the first 50 note was discovered in private hands. A year later it was learned that the 651 series was also used in Japan and Libya, though use in those areas lasted only a few months, as opposed to the four years in Korea. The short usage in Japan and Libya, coupled with the fact that use of American coins were permitted in lieu of MPC's, which were not as popular, accounts in part for the extreme rarity of these notes.

Since their discovery over a decade ago, only two complete sets have been sold publicly, one in a one-lot auction by Ted Uhl, and one in the 1987 Bowers & Merena ANA Convention Sale. To this day these remain the only three sets known, though three additional 50 notes are known, at least one of them in circulated condition. The serial numbers of all three sets are very close, indicating that possibly a few more sets may turn up over the years, but still nowhere near enough to satisfy the strong demand. The first few pieces sold publicly brought prices as high as \$6,000.00, but today a full set of four should be around the five-figure mark.

RARE DOUBLE COLONIAL SHEET

- 1150 **Continental Currency. January 14, 1779.** Full double sheet of 16 notes, each half consisting of the \$65, \$60, \$55, \$50, \$45, \$40, \$35, and \$30 notes. There are sharp horizontal and vertical center folds between the notes, and miscellaneous light diagonal folds. One edge is somewhat rough. The notes are otherwise bright and crisp, with good color and signatures. A lovely sheet for display or framing. **Rare** and seldom offered.

MORMON CURRENCY

The scrip notes of the Scipio Cooperative Mercantile Institution are quite rare and seldom offered. They come in four different border varieties and eight different denominations from 5¢ to \$5.00. "Mormon and Utah Coin and Currency" by Alvin Rust does not assign catalog numbers to the varieties, but does illustrate the four border designs on page 152, fig. 202. We have catalogued the following notes as types 1 through 4 based on the order in that illustration.

- 1151 **Scipio Cooperative Mercantile Institution scrip notes. 5¢, 10¢, 15¢, 25¢, 50¢, \$1.00, \$2.00, and \$5.00.** Border types 3 (5¢), 2 (10¢), 4 (15¢), and 1 (all others). The 15¢ is unsigned, torn in half and backed; the other fractional notes are signed, and range from Fair to Very Fine, two with small pieces missing. The \$1 through \$5 are unsigned About Uncirculated remainders. All are scarce, and border 4 is rare, as can be seen by the one low grade example shown in Rust. 8 pieces.
- 1152 **Scipio Cooperative Mercantile Institution scrip notes. 5¢, 10¢, 15¢, 25¢, 50¢, \$1.00, \$2.00, and \$5.00.** Border types 3 (5¢), 2 (10¢), and 1 (all others). The fractional notes are all signed, and range from Fair to Fine, a couple with pieces missing. The \$1 is Very Good, signed, the \$2 Very Good, unsigned, and the \$5 an unsigned About Uncirculated remainder. 8 pieces.
- 1153 **Scipio Cooperative Mercantile Institution scrip notes. 5¢, 10¢, 15¢, 25¢, 50¢, \$1.00, \$2.00, and \$5.00.** Border types 2 (5¢), 3 (10¢), 4 (15¢), and 1 (all others). The 15¢ is unsigned, with part of one corner missing; the other fractional notes are signed, and range from Good to Very Fine. The \$1 is Very Fine, signed; the \$2 and \$5 are unsigned Uncirculated remainders. The 15¢ has the rare type 4 border, and the \$1 is a scarce issued note. 8 pieces.
